Sports Medicine Program Consent for Medical Care and Treatment

I, ____________________, the parent/legal guardian of ________________________, a student at __________________ (the "School") whose date of birth is _________________, authorize Mission Health System, Inc. and each of its affiliated, participating hospitals as applicable including Mission Hospital, Inc., Blue Ridge Regional Hospital, Inc., Mission Hospital McDowell, Inc., Angel Medical Center, Inc., Highlands-Cashiers Hospital, Inc. and Transylvania Community Hospital, Inc. (collectively and/or individually as is applicable referred to herein as "Mission") and associated staff to provide my child such healthcare or other services offered by the Sports Medicine Program and, where appropriate, to make referrals for my child to receive additional health services that my child's condition may indicate. *In any such event, student athletes and their parents/legal guardians shall have the option to choose any medical provider as they and/or their legal guardian(s) may choose, as many options are available to student athletes. No student and/or his or her parents/guardians are required to utilize Mission for medical services.*

Pre-Participation Physical. I hereby give my consent/permission to Mission and participating, licensed or other medical providers to perform a pre-participation screening physical examination ('screening exam") for my child. I agree that this screening exam is only a limited, screening examination and does not take the place of a complete medical examination. I understand and agree that the medical provider(s) completing the screening exam shall not be responsible for any ongoing medical care or treatment for any medical condition or for injuries that occur after the screening exam. I represent, to the best of my knowledge, that my child has no known medical condition that would prevent participation in sports. I agree to follow up with my child's primary care provider in the event that any medical condition is identified in the screening exam.

Injury and/or Emergency Treatment: In the event that it becomes necessary, I agree that the team physician or athletic trainer, as appropriate, may provide medical care and/or treatment to my child as provided herein for a sports-related injury. In addition, in the event my child needs urgent or emergency treatment, I authorize the staff of the School and/or Mission, where appropriate, to arrange for such care with appropriate providers, including appropriate transportation. In such instance, I authorize the School and/or Mission, where appropriate, to undertake any acts which may be necessary or proper to provide for the health care of the minor child named herein, including, but not limited to, the power (i) to provide for such health care at any hospital or other institution, or the employing of any physician, dentist, nurse, or other person whose services may be needed for such health care, and (ii) to consent to and authorize any health care, including administration of anesthesia, X‑ray examination, performance of operations, and other procedures by physicians, dentists, and other medical personnel except the withholding or withdrawal of life sustaining procedures. By signing below, I indicate that I have the understanding and capacity to communicate health care decisions on behalf of the child named herein and that I understand the contents of this document. I understand that the School staff and/or the Mission staff, as appropriate, will contact me as soon as possible in the event my child has an urgent or emergency condition.

Payment for Services Rendered. I understand that I will not be charged by Mission for services rendered on-site by the Mission Athletic Trainer or other Mission Sports Medicine staff assigned to the school but that I or my insurance carrier may be charged for services rendered by other healthcare providers for follow-up care or treatment.

Health Information. I agree to complete all health history, family history, and other informational requests necessary for my child's participation in the School's athletic events and as required for medical care and treatment or other services provided by Mission. I understand that I may contact the Mission Athletic Trainer or the Team Physician assigned to the School or the Mission Medical Director to discuss my child's care or to discuss any questions that I may have about the program.

Neurocognitive Testing. I understand and agree that my child may undergo a computerized concussion evaluation system, such as ImPACT, as part of an overall concussion management protocol. https://www.impacttest.com/about

Students. I understand and agree that Mission is involved in the education of student athletic trainers (at the college level and student aides at the high school level), physicians, nurses, technicians and other health care providers, interns, and observers. I understand and agree that these individuals may participate as is appropriate in providing athletic training, medical care and/or treatment to my child as provided herein for a sports-related injury or otherwise.

Medication. Athletic Trainers are not responsible for an athlete's prescription or non- prescription medication(s). An athletic trainer may, under the supervision and protocol of a provider, receive, store, and administer medication to my child and/or store my child's medication for the duration of an athletic event upon my request.
